

Guess My Number

Remy is thinking of a number, can you guess what it is?
View the example below, and then play along with Remy on page 2!

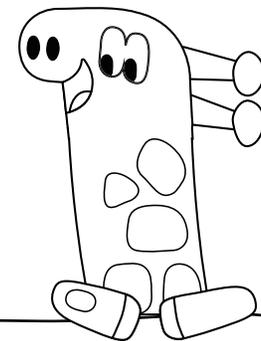

I can show how many tens and ones:

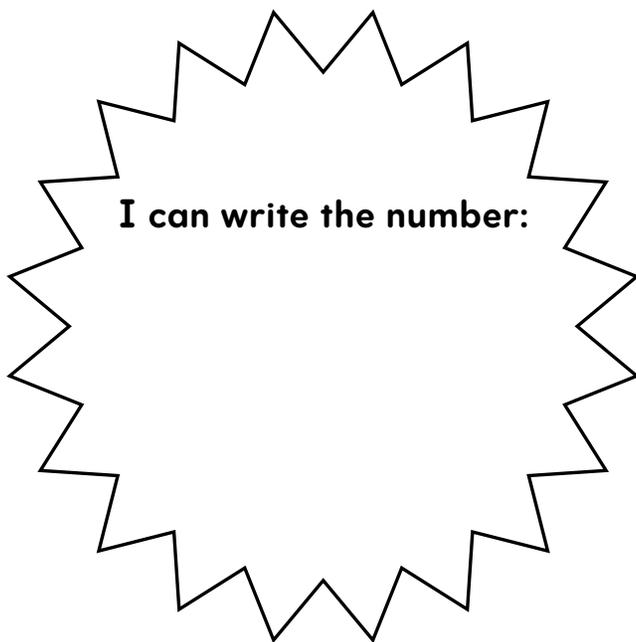

Tens

Ones

Guess My Number

Time to play! Cut out the counters on page 3 to make tens and ones.
Then think of a number and build it out using the counters—and your imagination!

I can write the number:

Tens

Ones

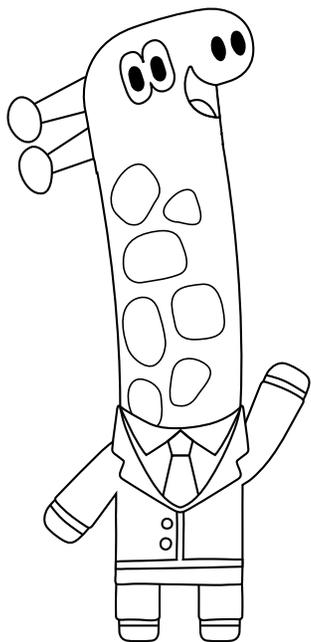

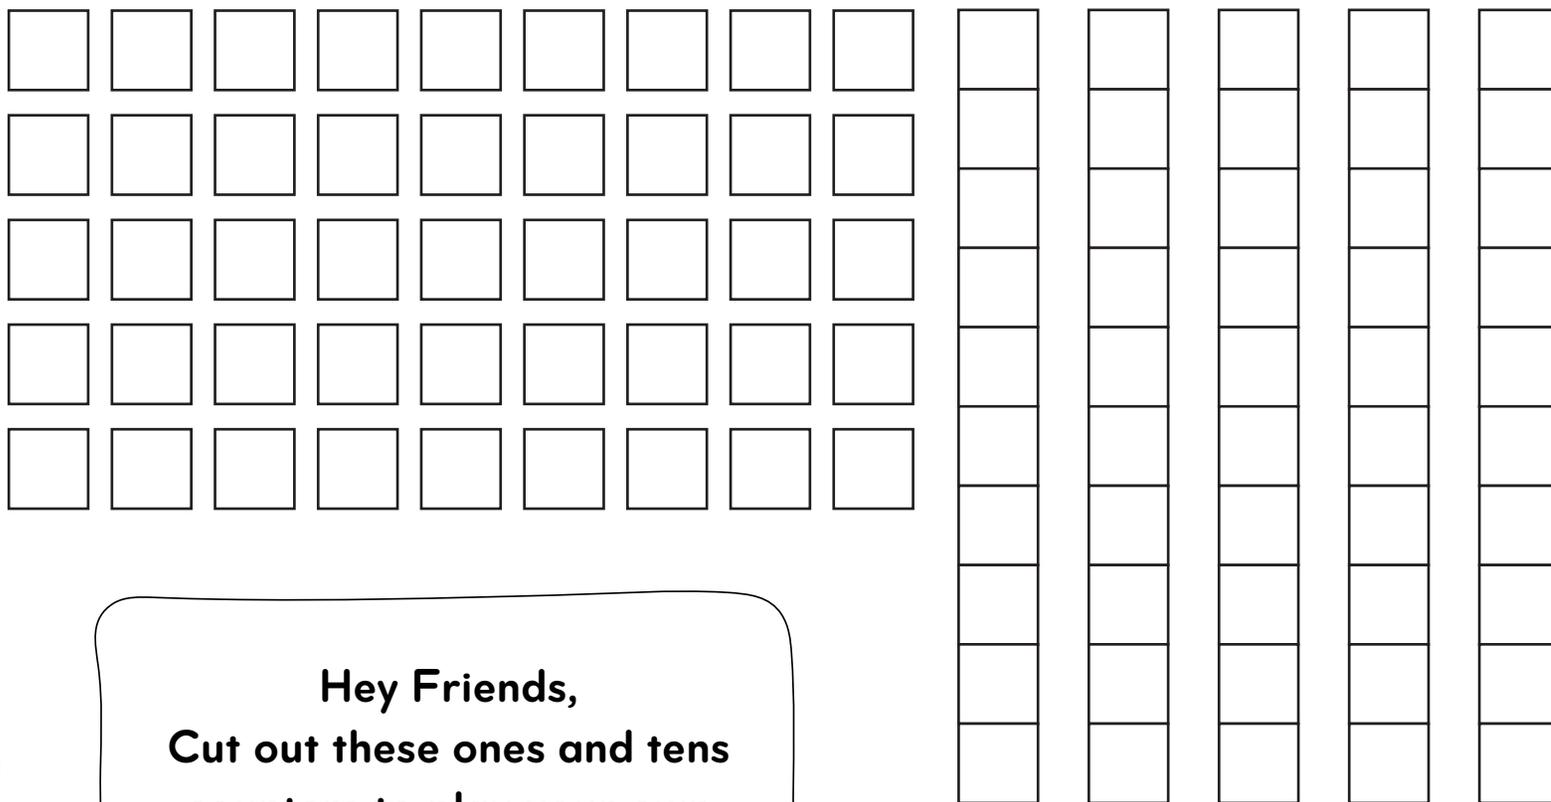

I can show how many tens and ones:

___ **Tens**

___ **Ones**

Guess My Number

Cut out the counters below to play your own number game!
Bonus: color the ones and tens counters in different colors!

**Hey Friends,
Cut out these ones and tens
counters to play your own
number game!**
