

# Let's Explore with HOMER at Home: Dinosaurs

Today we explored “Dinosaurs” and focused on the letter **D**.

For our lesson about “Dinosaurs,” we introduced the letter D, which stands for DINOSAUR. The children learned all about dinosaurs and being a paleontologist. They even dug up dinosaur bones!

Here are some related games and activities that you and your child may enjoy as you continue the learning at home.

## In the HOMER App

## Learning Connections

Your own version of a paleontologist! Fill a box at home with sand or dry rice. Bury some items within a theme for the child to 'dig' up - try doing animals or things that are orange. Once they have found all the items, have them guess what theme it may be. This activity can be endless fun of sensory play while discovering different themes using critical thinking.
